# GENERAL MANAGER'S REPORT

As the newly appointed General Manager of the Frankston Football Club I am excited by the challenge to help the club win back their license into the VFL competition for the 2018 season.

The real challenge ahead is to ensure that the emotion around the club losing its VFL license is not lost and that the Peninsula communities and businesses turn that emotion into memberships and sponsorships. This is one of the key criteria that AFL Victoria is looking for and without a substantial improvement in member numbers and new sponsors we will put at risk the chance of regaining our license in 2018 and beyond.

The board and I are working hard to ensure we tick off the AFL Victoria criteria to enable us to play in the VFL again but with very limited resources in terms of staffing we really do need to mobilise an army of volunteers to help us get the message out there to help us "Bring Back the Dolphins".

I look forward to helping set up a really good structure for the club to build a solid foundation into the future and, with a new and progressive board, we are looking forward to the 30<sup>th</sup> of June 2017 when we will present to the board of AFL Victoria to win back our VFL license.

If we are successful then I am confident we can provide the talented players within the South East region and Gippsland region a wonderful club and pathway into the elite VFL competition and to ensure that we give those players the very best opportunity to be exposed to the AFL scouts and to also become the best players that they can be.

Although it is nerve wracking to have a deadline, the positive is that we have been given another chance to get things right, so I feel excited by the challenge and re-energised to help keep this great club alive and to preserve its great history and traditions well into the future.

Please join me in helping to Bring Back the Dolphins in 2018 and beyond.

Regards and best wishes,

GARY BUCKENARA  
General Manager  
Frankston Football Club

## A WORD FROM THE SENIOR COACH...

What a year it has been! Some highs... our epic win against Richmond in Round 3 at home and then, what was to be only our second win for the season, against Coburg in Round 5 – again at home. The remainder of the season saw us lose the rest of our matches some by a large margin and some by a mere few points.

But through all this one thing never changed – the never say die attitude of our wonderful players and coaches. Not once did they play like they were defeated, they always came out and played to win. Coach Paddy Hill was given a standing ovation at the Club's Presentation Night when he made one of the best speeches ever to come out of Frankston Football Club....

**September 29th, 2016** “Last night we were privileged to witness one of the most amazing heartfelt emotional Presentation Nights at the Club. Those that were there were left in no doubt that our Coaches and players are passionate and dedicated to this wonderful Club. They do not want to coach anywhere else, they do not want to play anywhere else - they are Frankston Football Club!

Every speech last night was from the heart - there was laughter and there was tears. But none was more inspiring than that of our Coach Patrick Hill. You can read it below but I wish we had recorded it so you could witness the absolute emotion from this amazing man. Do not think for a moment that the fight is over.....”

### Frankston Football Club Best and Fairest - Senior Coach Address

"What a week in football". As senior coach, I feel it's my obligation to say a few things on behalf of our club.

In the last month we've seen all and sundry picking at the carcass of the downtrodden. Just this week, we've had the highest authority in the game try to rip the rug from beneath our feet in the dark of the night and with the safety of GF week as their disguise.

What they fail to understand, and have underestimated in this instance is the very fabric of Peninsula Football and what our club means to its inhabitants. The richness in football culture south of Mordialloc is not rivalled anywhere else in the world and is the lifeblood of our community.

From Coleman, to Matthews, to Brereton.... Loewe, Harvey, Burke,.... Gerard Healy, and many, many more, this region has produced the finest players and coaches the game has seen. And the FFC's contribution to the great game cannot be undersold. No VFL club has produced more AFL draftees in the last 20 years than our club.

What they also fail to understand is what it is our purpose really is. Producing elite footballer is only one step in the journey. But what we pride ourselves on is producing elite people, and it's work in this area, social and behavioural development that gives me the most satisfaction and fulfilment.

They say you can't change the world but you can change your part. My opportunity as senior coach at FFC is help mold 68 young men into outstanding citizens with a hope that one at they will each do the same thing for another group of young men. And if we keep doing this, hopefully we end up with a society that cares, treats people with dignity and respect and shows empathy to people from all walks of life.

While we made some improvements on field this year, small steps if you will, we took giant steps in our community engagement, our understanding of our social responsibility and our ability to show resilience in the hardest of times.

I am so, so proud of our playing group. They have shown a will and want to outlast, to dream big but remain grounded, to buy in to the culture of their community, to assist where they can and to give back. They are role model citizens. They behave in a manner that best represents the club and how we want all young men to act.

This year alone, lead by Ryan Power our senior assistant, we took a stand against violence against women and raised \$1800 for a local shelter. They visited 43 junior community clubs, and 3 all ability teams to give back to those that had helped them on their journey and made the dreams of young Kobe Malloy come true with a day he'll hopefully never forget.

They are good members of this town, they are good scholars, they are good sons, they are good workers and they care. When I look at the problems facing the youth of today: Ice, drugs, gambling, alcoholism, gangs, violence, racism, sexism, homelessness, youth suicide,.... Our society is riddled to problems and issues.

We as a community, as an older generation, need to support, mentor and foster these young men. So they can go out into their neighbourhoods and do the same. That's how change happens. That's how you start a movement, that's how you break the cycle of poor male behaviours that was passed on from generation to generation, until it found its way to us.

This community has its fair share of problems. This town needs these young men representing it, this town needs its role models and we need to continue to fight.

You must not rip out the hopes and dreams of young men like this to save a dollar or two. The cost of fixing the drug problem alone is a multi billion dollar industry. Domestic violence is not supported enough because the problem is so deep, no government is willing to invest enough.

So let's start putting our money into prevention. Let's start putting money and resources into members of our community that want to make a difference.

Someone once suggested to Winston Churchill that in order to fund the war movement, that perhaps he should slash the arts budget. Mr Churchill looked at his minister with a cheeky grin, and said "My dear man, if we don't have art, what are we fighting for". The same can be said about football in this town, if we don't give young men and women a pathway to success, then what is the purpose of our town.

They also pay no thought of what this club means to the employees and volunteers that are the backbone of the Dolphins. From the likes of Bryan Mace who has spent more than half his life working here, or to the likes of Tina Bremert. 18 years service, working far more hours than she is paid.

The Robbo's, whose volunteer work as a time keeper stretches beyond 11 seasons. The John Davis' who give all of their time and effort ask for nothing. It's about the life members, the past greats, the guys on the hill and for every person in our community that relies on the FFC to fill their lives with joy.

What becomes of these people. It is for these people and many more that no matter what transpires over the next 72 hours, the fight must continue.

Thank You,

**PATRICK HILL**  
Senior Coach  
Frankston Football Club

## APPRECIATIONS

### MEDICAL STAFF

Many thanks to Dr. Sachin Khullar from MP Sports Physicians, our Physio Michael Chamberlain from Back in Motion and all training staff for keeping our players in peak condition for the season.

---

A big thank you to Bruce Andrews and his staff for all their hard work during 2016.

“We strive to provide a long term, ever changing and exciting venue for buyer and seller alike, catering to both the young and young at heart.

We’re hugely proud of the wide variety of goods, services and entertainment that are showcased each and every Sunday. We are very much a community based market with a strong emphasis on meeting the needs of the people of Frankston, Southern suburbs and the Mornington Peninsula.

We welcome stallholders and patrons from all over Melbourne whilst actively encouraging all to participate and enjoy all the fun of the fare that is a true Frankston icon.”

---
